

This guide is designed to help you evaluate our service offer and covers key information about:

- What services and financial products we are authorised to recommend;
- The costs associated with our services;
- How we and our associates are remunerated;
- Any potential conflict of interest; and
- Our internal and external dispute resolution processes and how you can access them.

Financial planning process

Upon offering financial advice we will provide you with an advice/disclosure document that will help you assess our recommendations to you and determine whether you wish to rely on our advice. Prior to giving you advice we will make reasonable enquiries about your current financial situation and future needs to ensure we provide appropriate advice aligned to your particular circumstances. We may, in our marketing materials and general communications, provide you with general advice that is not designed to address your specific needs and circumstances. We will alert you of this when such advice is provided.

The process we follow in providing personal advice to you will usually include the following steps:

1. Providing this FSG and obtaining your agreement on the basis upon which we will be providing services.
2. Obtaining relevant information about your financial needs and objectives and your current financial affairs so that we can provide appropriate advice.
3. Researching solutions with the aim of assisting you to satisfy those needs and objectives. Please note that our authorised representatives are only permitted to source solutions from a wide range of products approved by PATRON. The PATRON approved product list includes a large range of products on which appropriate research and analysis has been undertaken.
4. Providing you with a written Statement of Advice (SoA) which sets out our recommendations and the basis for them, the key issues involved and remuneration received as a result of the provision of professional services to you.
5. Providing you with a Product Disclosure Statement (PDS) for each product recommendation made within the SoA. The PDS contains further specific information about the product recommended which you should consider prior to accepting our advice.
6. Obtaining your instructions to implement recommendations and/or receiving your alternative instructions.
7. Implementing your instructions to proceed with recommendations made or otherwise.
8. Agreeing on a basis for the provision of ongoing review services.

The advice/disclosure document will set out:

- Our personal advice and the reasoning which led to the advice
- Fees and commissions, we may receive; and
- Associations we have with financial product issuers or other parties which may have the potential to influence the advice we give you.

Agreeing to the subject matter of the advice

To make sure there is a clear understanding of the services to be supplied to you, we will listen to your instructions, your reasons for seeking advice and we will determine your needs and objectives in order of priority and their importance to you. If, at any time, you do not understand any of the advice we provide or the actions we are taking, you should seek clarification from us or your adviser. You are entitled to share with us as much or as little as you choose, however, should you choose not to provide full disclosure we will warn you about possible consequences of the advice limitations so that you can make up your own mind if you will proceed.

Once we have taken these factors into account we will discuss and agree on the subject matter of our advice to you, along with the cost of providing that advice. Our advice document will outline the subject matter of advice, clarifying what has been included and what has been excluded as agreed.

If you do not wish to receive our advice, we may deal on your behalf by carrying out your instructions on an "execution only" basis. If you do not obtain advice, you face the risk that the financial product(s) you select will not fully take into account your objectives, financial situation or needs.

Any recommendation will be based on an assessment of your personal circumstances, needs and objectives. In addition, all products approved for use by our Advisers must first undergo a rigorous selection process. In addition, PATRON or its associated entities can receive various payments from financial institutions based on the average balance of all funds placed by PATRON Advisers in each relevant institution's investment, the number of accounts or the value of insurance premiums. These payments include rebates, marketing arrangements etc. from a number of preferred administrative platform/s or product providers. Payments can be received as a percentage of business placed/ retained, profit share arrangement/s or an agreed dollar amount in any combination. Please note these payments are made by the product provider to PATRON and not charged to you and are dependent on certain hurdles being met.

To be totally transparent, we have included the maximum rate of payment that may be paid, regardless of whether PATRON currently meets the required benchmarks/factors to be met. These payments are shown below.

Platform/Provider	Additional payment receivable if \$10,000 was invested or \$1,000 was paid as an administration fee/ service fee or insurance premium
Investment products	\$44 pa
Administration platform/ service	\$500 pa
Risk products	\$255 pa
Corporate super	\$27.50 per member pa

For example, if you had \$10,000 invested for a year in an investment product that paid an additional 0.30% pa, the annual payment to PATRON would be \$30 (0.30% of \$10,000) and this payment would be paid as long as you continued to hold that product.

These payments are received from AIA Australia, Avanteos Investment Ltd, BT, BTPortfolio Manager, Colonial First State Investments Ltd, IOOF Investment Management Ltd, MLC Ltd, Netwealth, OnePath, Personal Choice (Asgard), TAL Life Ltd and Zurich Australia Pty Ltd. From time to time these administrative platform/s and product providers may be removed according to ever changing services and products being made available to the industry and their competitive position. Where these payments are shared with our Advisers, we will provide further details in your advice document.

In addition to the above payments, financial institutions may pay PATRON to attend the PATRON annual training conference or to sponsor other training days under an Alliance Partner Program (APP). These payments from BT Financial Group and Magellan Asset Management offset the costs associated with the delivery of training and support to our Advisers.
